Region V

Chicago, Illinois 60604

Dear Ms. Alonzo:

I am writing to inform you of the Illinois Environmental Protection Agency's support for the expenditure of superfund monies to affect an immediate removal at the U.S. Drum site in Chicago. As a result of the July 18, 1984 meeting that you hosted at which Kenneth Bechely, Regional Manager of our Maywood Office was in attendance, we feel comfortable with the proposed plan of action which was outlined. This action will mitigate to a large extent the environmental threat which exists at the U.S. Drum site.

If you have any additional questions, please feel free to contact myself or Mr. Bechely.

Sincerely,

James F. Frank, Manager  
Hazardous Substance Planning Section  
Division of Land Pollution Control
